

The Business of Virtualization in a Virtual World

*I don't care where my stuff is,
just as long as I can access
and manage it.*

Join us for lunch

With new business directives and diminishing budgets, the maximization of existing resources becomes imperative to continued operation and provisioning of services, while still maintaining "Quality Of Service".

Hipskind TSG cordially invites you to take part in an exclusive Executive Round Table discussion on Virtualization and how it can become part of an existing business strategy. These will be held at our Corporate Headquarters in Hinsdale IL.

These exclusive sessions will be limited to a maximum of 10 participants.

Core areas of discussion will include:

- Strategies and Solutions for the Virtual Environment
- Virtual Desktop Infrastructure
- Business Continuity and Disaster Recovery Planning
- Information Lifecycle Management
- Governance and Compliance
- Recovery Management

The round table will include demonstrations of some of the core virtualization technologies in Hipskind's state of the art innovation center. We will show you how these technologies can give your business the necessary edge to excel in these challenging economic times:

When: Thursday October 1st 2009
Thursday October 15th 2009
Thursday October 29th 2009
Thursday November 12th 2009
